

STYLE & PREP GUIDE

# YOUR SENNIOR

JBC PHOTOGRAPHY

# WHAT TO WEAR

- A collection of outfits that show off your personality! A variety is always great.
- Dress for the season.
- Clean and matching shoes for each outfit
- Functional clothing - (can you move in it?)
- Appropriate undergarments for your outfit choices. (no showing bra straps)

- Neutrals are always a great choice!
- Avoid neon, but having one option of a bright color is always fun.
- Mixing bold patterns or textures with a solid neutral makes for a great look.
- Accessorize your outfit with a hat, jewelry, or any statement piece of your choosing.

# WHAT NOT TO WEAR

- Wrinkled clothing! Bring your outfits on hangers already ironed, or steamed. I have a changing tent for you to use anywhere we go.
- Mis-Matched undergarments that show
- Dirty or roughed up shoes
- Clothing that is too revealing
- Clothes that do not fit properly
- Large LOGOS and branding on clothing (Uniforms are different)
- Multiple outfits that are all the same color or style. We want variety!

# BRING YOUR INTERESTS

Think about your interests and what you love! Do you have an instrument you play, or a car you love? Bring it! This session is all about capturing who you are at this time in your life. Do you love music? Let's bring those headphones and jam out during the session. Do you like to read? Please bring your favorite books! Do you enjoy photography? Bring your camera!

# HELPFUL TIPS

- Get plenty of rest the night before your session.
- Avoid sun burns and tan lines.
- Have clean, un-chipped nails.
- Clean shaven face/legs, or neatly trimmed facial hair
- Do not worry about acne or blemishes, photoshop is a wonderful thing!
- Do not use a ton of hairspray, or any at all. Florida humidity is not kind.
- If you wish to have scars, or birth marks removed please let me know.
- Try on your outfit choices in advance.
- Practice poses in the mirror in your outfits to make sure you like how they look.
